Capital Partners

Averra Dental

Averra Dental is an Australian-owned dental support business that partners with independent general dental practices, providing back-office support while owners retain their practice name, team and clinical autonomy.

BASE CAMP

Health Services

Averra Dental

Averra Dental's management team chose to partner with Pemba due to its track record of building multi-site healthcare platforms, including Vets Central, and supporting buy and build strategies.

THE PARTNERSHIP

Pemba Capital Partners (Pemba) has partnered with an experienced dental sector management team to establish Averra Dental, a new platform acquiring independent general dental practices across Australia.

ABOUT AVERRA DENTAL

Averra Dental acquires and partners with independent general dental practices on fair, transparent terms, and has 6+ partner clinics to date. Under its Empowered Autonomy model, practices retain their name, team and clinical approach, including treatment philosophy, labs and materials. Averra provides payroll, HR, compliance and accreditation, procurement, marketing, IT and finance support. Partnership options include full practice sale, partial sale with equity, staged retirement and growth capital.

BACKGROUND TO THE PARTNERSHIP

The Australian dental market remains highly fragmented, with the majority of general practices independently owned. Many principal dentists are seeking succession options and operational support while retaining control of clinical decisions. Pemba's investment thesis is to build a dental group that offers practice owners an alternative to traditional corporate models. Rather than acquire an existing group, Pemba partnered with a management team it knows well, combining their dental sector experience with Pemba's multi-site healthcare experience, to establish Averra Dental. Pemba's investment completed on 16 September 2026.

THE VENDORS PERSPECTIVE

“We're incredibly excited about the opportunity ahead for Averra Dental. With the support of Pemba, we are building a community that empowers clinicians, preserves the patient-clinician relationship, and supports sustainable growth. We are well-placed to build a leading network of high-quality practices across Australia.”

KRISTY MURPHY – HEAD OF M&A AVERRA

THE FUTURE

Pemba will work with the management team to grow Averra's network through the acquisition of further independent general dental practices, building regional clusters that share staff, systems and expertise. Pemba will also support investment in technology, graduate pathways and clinician equity.

ABOUT PEMBA

Pemba Capital Partners is a leading investor in the Australian and New Zealand Healthcare sector, with other relevant investments in companies such as RxPx, Lumia Care, Sterling Group, Vets Central and Healthcare Logic.
